

## EM-6000 | Antenna Kit

### Description

Electro-Metrics antenna kit consists of Omni-Directional and Directional antennas covering the frequency range of 10 kHz to 18 GHz. Accessories are included for use with the antennas. All antennas and accessories are placed in two carrying cases, which are provided.

### Specifications

#### Electrical

- 1 EM-6105** Omni-Directional Wideband Discone Antenna  
10 kHz - 2 GHz
- 1 EM-6865** Omni-Directional Wideband Antenna  
2 - 18 GHz
- 1 EM-6877** Active Loop Antenna  
9 kHz - 30 MHz
- 1 EM-6952** Log Periodic Antenna  
1 - 18 GHz
- 1 EM-6951** Log Periodic Antenna  
300 MHz - 1 GHz
- 1 EM-6883** Magnetic Field Probe  
30 - 300 MHz

#### Accessories

- 1 EM-6106** Battery Pack Charger Module
- 1** Tripod
- 1 EM-6883** Magnetic Field Probe (30-300 MHz)
- 1** Low Loss Armored Cable 10' Long
- 2** Carrying Cases
